Re: Project Proposal for the Construction of Buildings for a New Migrant Children's Home in India dated January 1, 2013

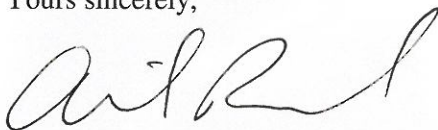

Dear Ms. Bhosale,

The Gandhi Worldwide Education Institute (GWEI), based in Wauconda, Illinois, USA was founded by Dr. Arun Gandhi, the grandson of Mahatma Gandhi, in 2008. The mission of GWEI is to promote community building in economically depressed areas of the world through the joining of Gandhian philosophy and vocational education for children and their parents.

Based on our assessment of AVANI Sanstha's mission and the Project Proposal for the Construction of Buildings for a New Migrant Children's Home in India dated January 1, 2013, as previously discussed and approved by the GWEI Board of Directors, GWEI has approved the funding of up to \$100000.00 USD to support a portion of this project. Funding will be provided via wire transfer in \$5000.00 USD increments, through coordination and approval of requests between GWEI and AVANI Sanstha through the construction period. Release of wire transfers greater than \$5000.00 USD will require approval by the GWEI Chairman or his designee. Project financials will be requested and reviewed to ensure the appropriate usage of funds on a periodic basis.

Thanking you in anticipation for the successful deployment of the aforementioned funds towards our shared mission to provide exploited, abandoned and the poorest children in the Kolhapur District of India with proper nutrition, clothes, safe housing, and a quality education. GWEI is looking forward to your ongoing support of this good work.

Yours sincerely,

Mr. Anish Prasad
Chairman
